PREFACE.

We present herewith to the people of CAMBRIDGE the forty-sixth edition of the city directory, it covering the present year, 1897. The work for years has been growing in size and completeness, and this year's book, which has been compiled with great care by experienced men, is undoubted proof of the city's growth and progress. The natural beauty of Cambridge and the many attractions it presents as a residential city, together with its fine business facilities, are inducing many to cast their lot here, which fact is most forcibly manifested in the handsome volume before you. The very large list of business announcements in the Directory of 1897 show most conclusively that the commercial and industrial interests of the city are spreading in many directions, thus giving it a reputation as a desirable business place somewhat commensurate with its fame as a fine educational and residential city. Its great university, its almost unsurpassed public school system, and its many elegant residences fully attest the latter, while its growing number of factories and stores, many of large dimensions, prove the former.

The citizens of the city generally have always been liberal with their favors in support of this work, and we promise in the future, as we have always given in the past, our best efforts to make the Cambridge Directory worthy of the substantial, progressive and beautiful city it represents.

Respectfully,
W. A. GREENOUGH & CO.

INSTRUCTIONS TO KEY HOLDERS.

Alarms to be given from the box nearest the location of the fire.

Do not give an alarm for a fire seen at a distance, unless assistance is called for.

To give an alarm, open the door, pull the hook to the bottom of the slot once, and let go. Each box contains a small bell which, if heard before you pull, indicates that an alarm has been previously given, and by listening at the box, you will learn the number of the box from which the alarm was given, but in no case will you pull the hook while the alarm is striking. After giving the alarm, remain at the box, so as to direct the firemen to the fire. Be sure that you lock the box before leaving it.

Citizens are requested to inform themselves where keys to the signal boxes are kept, signs suitably inscribed being placed over each box giving the requisite information.

INSTRUCTIONS TO FIREMEN.

First alarm will be given by striking *three* or more rounds.

Second alarm will be given by repeating the first.

Third alarm will be given by striking *three blows twice* on the gongs and bells.

General alarm will be given by striking *three blows three times.*

In cases where hook and ladder companies only are wanted, the call will be given by *five blows.*

Companies not required to respond to first or second alarms will be notified of the extinguishment of the fire by *two blows* on the gongs, that their services will not be needed and that orders have been given to "make up." Should an alarm be given from any box while a portion of the department is engaged at a fire, the apparatus not in service will respond.

The Cambridge School

For girls and young ladies is organized for the purpose of making the advantages of Boston and Cambridge of service to those who seek a well-rounded education. The Director is Mr. Arthur Gilman. The instruction is adapted to the needs of each pupil. Modern methods are used.

The first position is given to English. Preparation for Radcliffe and other Colleges is offered; but all who wish may continue their studies in the School much beyond that limit.

The School lays peculiar stress upon that cultivation as distinguished from the mere filling of the mind, which is so often lost sight of even by good teachers.

The School occupies three buildings. A new School building is now in process of erection at Nos. 34 and 36 Concord Avenue, on the direct line of electric cars running between Boston, Mount Auburn, Watertown and Newton, and in the centre of the residential portion of Cambridge, Mass. It will combine the best ventilation and arrangement of light.

A suitable introduction is expected from all who are not known to the Director.
